

CMIS/2022/PS/021

Date: 05/07/2022

Dear Parents,

Every curriculum has transactions of lessons followed by assessments which are called Internal Examinations. Along with Internal Examination which we conduct at regular intervals during the academic year, we do conduct External Competitive Examination for our students and we have partnered ourself with various organizations for the same.

The aim of competitive examinations at school level is to create a talent pool and to make the students academically competent to prepare for various competitive exams like IIT, JEE, NEET/UG, AIPMT and all state entrance common exams and to create an urge and ambition to succeed in such examinations from an early age. Attached is the list of external exams and their details for the Academic Year 2022-23.

Parents are requested to go through the list and mark against the exam they want their ward to participate in. After we get the entries, separate WhatsApp groups will be created for all the mentioned examinations and more details will be provided. Kindly send the registration fee and page 2 of this circular in a sealed envelope mentioning Student's Name, Class and amount on the outside of the envelope.

For the exam where registration is to be done Online, kindly do not send registration fee to school. You can directly pay online.

"If you believe you deserve better, you will create better for yourself"

All the best.

Regards,
