Subject: INK AND IMAGINATION – VOLUME II
Call for Story Submissions

Dear Parents,

Greetings for the day!

Following the overwhelming success of the first edition of *Ink and Imagination*, we are delighted to announce **Ink and Imagination – Volume II**, an opportunity for our young authors to once again showcase their creativity, imagination and storytelling skills.

Students interested in being a part of the second edition are invited to begin working on the rough drafts of their original stories. The months of **June and July 2026** have been allotted for brainstorming, planning, writing and refining story ideas.

Key Details:

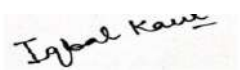

- **Eligibility:** Students from Empowering IV to Victorious X
- **Writing Period:** June & July 2026
- **Submission of First Draft:** 3rd August 2026
- Stories must be original and written by the student.
- The first draft should be submitted to the respective English teacher on or before the submission date.

All submitted drafts will undergo a review process. Students whose stories are selected for publication will be informed by the teacher in-charges and guided through the subsequent stages of editing, illustration, formatting and publication.

We encourage all aspiring writers to let their imagination soar and become a part of this exciting literary journey. Every great book begins with a single idea – perhaps yours will be the next story to inspire readers!

Happy Writing!

Regards,

Principal
